INDEPENDENT AUDITOR'S REPORT

To the Honorable Mayor and Council
Borough of Manasquan
County of Monmouth
Manasquan, New Jersey

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying balance sheets - regulatory basis of the various funds of the Borough of Manasquan, in the County of Monmouth, State of New Jersey, as of December 31, 2021 and 2020, the related statement of operations and changes in fund balance-regulatory basis for the years then ended, and the related statement of revenues - regulatory basis and statement of expenditures - regulatory basis of the various funds for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements as listed in the table of contents.

Qualified Opinion on Regulatory Basis of Accounting

In our opinion, except for the possible effects of the matter described in the "Basis for Qualified Opinion on Regulatory Basis of Accounting" paragraph, the financial statements referred to above present fairly, in all material respects, the regulatory basis balance sheets as of December 31, 2021 and 2020, the regulatory basis statements of operations and changes in fund balances for the years then ended, and the regulatory basis statements of revenues and expenditures and related notes to financial statements for the year ended December 31, 2021 in accordance with the basis of financial reporting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey as described in Note 1.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of the Borough of Manasquan as of December 31, 2021 and 2020, or changes in the financial position for the years then ended.

Basis for Opinions

We conducted our audits in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States and the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Borough of Manasquan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Qualified Opinion on Regulatory Basis of Accounting

The financial statements of the Length of Service Award Program Fund ("LOSAP") Trust Fund has not been audited, and we were not required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, to audit nor were we engaged to audit the LOSAP Trust Fund financial statements as part of our audit of the Borough's financial statements as of and for the years ended December 31, 2021 and 2020. The LOSAP Trust Fund financial activities are included in the Borough's Trust Fund, and represent 20.30% and 21.10% of the assets and liabilities, respectively, of the Borough's Trust Funds as of December 31, 2021 and 2020.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by the Borough of Manasquan on the basis of the financial reporting provisions prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, which is a basis of accounting other than accounting principles generally accepted in the United States of America, to meet the requirements of New Jersey. The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Responsibility of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibilities for the Audit of Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards and audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Borough of Manasquan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Borough's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

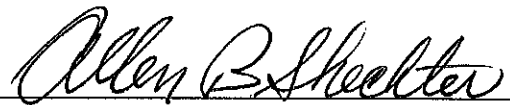

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Borough of Manasquan's basic financial statements. The supplementary information listed in the table of contents and the comments and recommendations section, are presented for purposes of additional analysis as required by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and are not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The letter of comments and recommendations section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 28, 2022 on our consideration of the Borough of Manasquan's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Borough of Manasquan's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

Borough of Manasquan, NJ
Notes to Financial Statements
Year Ended December 31, 2021

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Except as noted below, the financial statements of the Borough of Manasquan include every board, body, officer or commission supported and maintained wholly or in part by funds appropriated by the Borough of Manasquan, as required by N.J.S. 40A:5-5. Accordingly, the financial statements of the Borough of Manasquan do not include the operations of the municipal library.

B. Description of Funds

The accounting policies of the Borough of Manasquan conform to the accounting principles applicable to municipalities which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Such principles and practices are designed primarily for determining compliance with legal provisions and budgetary restrictions and as a means of reporting on the stewardship of public officials with respect to public funds. Under this method of accounting, the Borough of Manasquan accounts for its financial transactions through the following separate funds and accounts as presented below. This presentation differs from the seven fund, two account group presentation as required by GAAP.

Current Fund - revenues and expenditures for governmental operations of a general nature, including Federal and State grant funds.

Trust Fund - receipts, custodianship and disbursement of funds in accordance with the purpose for which each reserve was created.

General Capital Fund - receipt and disbursement of funds for the acquisition of general capital facilities, other than those acquired in the Current Fund.

Water and Sewer Operating and Capital Funds - account for the operations and acquisition of capital facilities of the municipally-owned Water and Sewer Utilities.

Beach Operating and Capital Funds - account for the operations and acquisition of the municipally-owned Beach Utility.

General Fixed Assets - To account for fixed assets in government operations.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

Budgets and Budgetary Accounting

An annual budget is required to be adopted and integrated into the accounting system to provide budgetary control over revenues and expenditures for the Current Fund, Sewer Operating Fund and Beach Operating Fund. Budget amounts presented in the accompanying financial statements represent amounts adopted by the Borough and approved by the State Division of Local Government Services per N.J.S.A. 40-A:4 et. seq.

The Borough is not required to adopt budgets for the following funds:

General Capital Fund Trust Funds Sewer Capital Fund Beach Capital Fund

The governing body shall introduce and approve the annual budget not later than February 10, of the fiscal year. The budget shall be adopted not later than March 20, and prior to adoption must be certified by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The Director of the Division of Local Government Services, with the approval of the Local Finance Board may extend the introduction and approval and adoption dates of the municipal budget. The budget is prepared by fund, function, activity and line item (salary or other expense) and includes information on the previous year.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Cont'd)

Revenues - are recorded when received in cash except for certain amounts which are due from other governmental units. Receipts from Federal and State grants are realized as revenue when anticipated in the budget.

Receivables for property taxes and consumer accounts receivable are recorded with offsetting reserves on the balance sheet of the respective fund; accordingly, such amounts are not recorded as revenue until collected. Other amounts that are due to the Borough which are susceptible to accrual are also recorded as receivables with offsetting reserves and recorded as revenue when received. Fund balance utilized to balance the budget is recorded as revenue and budgeted transfers from other funds are also recorded as revenue when anticipated in the budget.

Expenditures - are recorded on the "budgetary" basis of accounting. Generally expenditures are recorded when an amount is encumbered for goods or services through the issuances of a purchase order in conjunction with the Encumbrance Accounting System. Outstanding encumbrances at December 31, are reported as a cash liability in the financial statements and constitute part of the Borough's statutory Appropriation Reserve balance. Appropriation reserves covering unexpended appropriation balances are automatically created at December 31st of each year and recorded as liabilities, except for amounts which may be cancelled by the governing body. Appropriation reserves are available, until lapsed at the close of the succeeding year, to meet specific claims, commitments or contracts incurred during the preceding fiscal year. Lapsed appropriation reserves are recorded as income. Grant appropriations are charged upon budget adoption to create separate spending reserves. Budgeted transfers to other funds are recorded as expenditures when the budget is adopted to the extent permitted or required by law. Appropriations for principal payments on outstanding general capital and utility bonds and notes are provided on the cash basis; interest on general capital indebtedness is on the cash basis, whereas interest on utility indebtedness is on the accrual basis.

Encumbrances - Contractual orders outstanding at December 31, are reported as expenditures through the establishment of an encumbrance payable. Encumbrances do not constitute expenditures under GAAP.

Property Taxes - Real property taxes are assessed locally, based upon the assessed value of the property. The tax bill includes a levy for Municipal, County and School purposes. The bills are mailed annually in June for that calendar year's levy. Taxes are payable in four quarterly installments on February 1, May 1, August 1 and November 1. The amounts of the first and second installments are determined as one half of the total tax levied against the property for the preceding year. The installment due the third and fourth quarters is determined by taking the current year levy less the amount previously charged for the first and second installments, with the remainder being divided equally. If unpaid on these dates, the amount due becomes delinquent and subject to interest at 8% per annum, or 18% on any delinquency amount in excess of \$1,500. The school levy is turned over to the Board of Education as expenditures are incurred, and the balance, if any, must be transferred as of June 30, of each fiscal year. County taxes are paid quarterly on February 15, May 15, August 15, and November 15, to the County by the Borough. When unpaid taxes or any municipal lien, or part thereof, on real property, remains in arrears on November 11 in the current year, the collector in the municipality shall subject to the provisions of the New Jersey Statutes enforce the lien by placing the property on a tax sale. Annual tax foreclosure proceedings are instituted to enforce the tax collection or acquisition of title to the property by the Borough. In accordance with the accounting principles prescribed by the State of New Jersey, current and delinquent taxes are realized as revenue when collected. Since delinquent taxes and liens are fully reserved, no provision has been made to estimate that portion of the taxes receivable and tax title liens that are uncollectible. GAAP requires tax revenues to be recognized in the accounting period when they become susceptible to accrual, reduced by an allowance for doubtful accounts.

Year Ended December 31, 2021

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Cont'd)

Foreclosed Property - Foreclosed property is recorded in the Current Fund at the assessed valuation when such property was acquired and is fully reserved.

Interfunds - Interfund receivables in the current fund are recorded with offsetting reserves which are created by charges to operations. Income is recognized in the year the receivables are realized. Interfund receivables in the other funds are not offset by reserves.

Insurance - Cost of insurance for all funds are recorded as expenditures at the time of payment. Insurance costs chargeable to future periods are not carried as prepayments.

Inventories of Supplies - The cost of inventories of supplies for all funds are recorded as expenditures at the time individual items are purchased. The cost of inventories are not included on the various balance sheets.

General Fixed Assets - In accordance with Technical Accounting Directive No. 85-2, Accounting for Governmental Fixed Assets, as promulgated by the Division of Local Government Services, which differs in certain respects from generally accepted accounting principles, the Borough has developed a fixed assets accounting and reporting system.

Fixed assets used in governmental operations (general fixed assets) are accounted for in the General Fixed Assets Account Group. Public domain ("infrastructure") general fixed assets consisting of certain improvements other than buildings, such as roads, bridges, curbs and gutters, streets and sidewalks and drainage systems are not capitalized.

All fixed assets are valued at historical cost or estimated historical cost if actual historical cost is not available except for land which is valued at estimated market value.

No depreciation has been provided for in the financial statements.

Fixed assets acquired through grants in aid or contributed capital have not been accounted for separately.

Accounting for utility fund "fixed capital" remains unchanged under the Requirements of Technical Accounting Directive No. 85-2.

Property and equipment purchased by the Utility Funds are recorded in the capital accounts at cost and are adjusted for dispositions and abandonment. The amounts shown do not purport to represent reproduction costs or current value. Contributions in aid of construction are not capitalized. The balance in the Reserve for Amortization and Deferred Reserve for Amortization accounts in the utility capital fund represent charges to operations for the costs of acquisitions of property, equipment and improvements. The utilities do not record depreciation of fixed assets.

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Tax Appeals and Other Contingent Losses - Losses which arise from tax appeals and other contingent losses are recognized at the time an unfavorable decision is rendered by an administrative or judicial body.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

C. Measurement Focus, Basis of Accounting and Basis of Presentation (Cont'd)

Departures from Generally Accepted Accounting Principles - The accounting principles and practices followed by the Borough of Manasquan differ in some respects, which in some instances may be material, from generally accepted accounting principles applicable to local government units. The more significant differences are as follows:

Taxes and other receivables are fully reserved.

Interfund receivables in the Current Fund are fully reserved and recognized as revenue in the year of liquidation.

Unexpended and uncommitted appropriations are reflected as expenditures.

Overexpended appropriations and emergency appropriations are deferred to the succeeding years' operations.

No provision is made for accumulated vested vacation and sick leave.

Undetermined contributions to state-administered pension plans applicable to the six months ended December 31 are not accrued.

Estimated losses arising from tax appeals and other contingencies are not recorded when it is probable that a loss has been incurred and the amount of such loss can be reasonably estimated.

Depreciation expense is not calculated on fixed assets.

Leases are not classified as financing arrangements.

Encumbrances are reported as a liability in the financial statement.

Net pension liability not recorded as a liability in the financial statements.

Net OPEB liability not recorded as a liability in the financial statements.

It was not practicable to determine the effect of such differences.

NOTE 2 CASH AND CASH EQUIVALENTS

Cash and cash equivalents include petty cash, change funds, and cash or deposit with public depositories.

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agency of the United States that insures deposits. N.J.S.A. 17:9-42 requires New Jersey governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are protected from loss under the provisions of the Government Unit Deposit Protection Act ("GUDPA"), which is a multiple financial institution collateral pool. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent.

All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

Of the bank balance \$422,016.36 was fully insured by depository insurance and \$20,439,207.86 was secured by a collateral pool held by the bank, but not in the Borough's name, as required by New Jersey statutes.

NOTE 3 INVESTMENTS

A. Custodial Credit Risk

For an investment, custodial credit risk is a risk that, in the event of the failure of the counterparty, the Borough will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the Borough and are held by either the counterparty or the counterparty's trust department or agent but not in the Borough's name. All of the Borough's investments are held in the name of the Borough and are collateralized by GUDPA.

B. Investment Interest Rate Risk

Interest rate risk is the risk that changes in interest rates that will adversely affect the fair value of an investment. The Borough has no formal investment policy that limits investments maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturities of investments held at December 31, 2021, are provided in the below schedule.

C. Investment Credit Risk

The Borough has no investments policy that limits its investment choices other than the limitation of state law as follows:

- Bonds or other obligations of the United States or obligations guaranteed by the United States of America;
- Government money market mutual funds;

NOTE 9 PENSION PLANS

Borough employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employees' Retirement System (PERS) or the State of New Jersey Police and Firemen's Retirement System (PFRS). New Jersey municipalities do not follow GAAP accounting principles and, as such, do not follow GASB requirements with respect to recording their proportionate share of the collective net pension liability, collective deferred outflows of resources, collective deferred inflows of resources, and collective pension expense on their financial statements. However, N.J.A.C. 5:30-6.1(c)(2) requires municipalities to disclose GASB 68 information in the Notes to Financial Statements.

A. Public Employees' Retirement System (PERS)

Plan Description - The State of New Jersey Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at: www.state.nj.us/treasury/pensions/annrpts.shtml.

Vesting Benefit Provisions - The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have a least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Contributions - The contribution policy for PERS is set by N.J.S.A. 15A and requires contributions by active members and contributing members. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PERS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in the State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual payments over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of assets. The Borough's contributions to PERS which are based upon annual billings received from the state, amounted to \$304,527.00 for 2021, \$273,035.82 for 2020 and \$273,377.28 for 2019.

NOTE 9 PENSION PLANS (Cont'd)

A. Public Employees' Retirement System (PERS) (Cont'd)

The employee contribution rate was 7.50% effective July 1, 2020 and July 1, 2021.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - Although the Borough does not report net pension liability related to PERS, at December 31, 2021 and 2020, the Borough's liability was \$3,279,415.00 and \$4,539,550.00 respectively for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021 and 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020 and 2019 which was rolled forward to June 30, 2021 and 2020 respectively. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2021, the Borough's proportion was 0.0276825641%, which was an decrease of 0.0001548253% from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021 and 2020, the Borough recognized actual pension expense in the amount of \$304,527.00 and \$273,035.82 respectively.

At December 31, 2021 and 2020, the Borough's deferred outflows of resources and deferred inflows of resources related to PERS pension which are not reported on the Borough's financial statements are from the following sources:

	<u>2021</u>		<u>2020</u>

A. Public Employees' Retirement System (PERS) (Cont'd)

Actuarial Assumptions - The Borough's total pension liability reported for the year ended December 31, 2021 was based on the June 30, 2021 measurement date as determined by an actuarial valuation as of July 1, 2020, which was rolled forward to June 30, 2021. The total pension liability reported for the year ended December 31, 2020 was based on the June 30, 2020 measurement date as determined by an actuarial valuation as of July 1, 2019, which was rolled forward to June 30, 2020. This actuarial valuation used the following actuarial assumptions, applied to all periods in the measurement date:

<u>PERS</u>	<u>2021</u>	<u>2020</u>
Inflation Rate:		
Price	2.75%	2.75%
Wage	3.25%	3.25%

	Based on Years of Service	Based on Years of Service
Investment Rate of Return	7.00%	7.00%
Mortality Rate Table	Pub-2010	Pub-2010

Assumptions for mortality improvements for 2021 are based on Scale MP-2021, and MP-2020 for 2020.

The actuarial assumptions used in the July 1, 2020 and 2019 valuations were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2018, respectively.

Long-Term Expected Rate of Return - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2021 and 2020, as reported for the years ended December 31, 2021 and 2020, respectively, are summarized in the following tables:

Discount Rate - The discount rate used to measure the total pension liabilities of the PERS as of June 30, 2021 and 2020, as reported for the years ended December 31, 2021 and 2020, respectively, are summarized in the following:

June 30, 2021 - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

June 30, 2020 - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

The sensitivity analysis was based on the proportionate share of the Borough's net pension liability at December 31, 2021 and 2020. A sensitivity analysis specific to the Borough's net pension liability was not provided by the pension system.

Pension Plan Fiduciary Net Position - Detailed information about the PERS pension plan's fiduciary net position is available in the separately issued report from the State of New Jersey, Department of the Treasury, Division of Pension and Benefits. The financial report may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

B. Police and Firemen's Retirement System (PFRS)

Plan Description - The State of New Jersey Police and Firemen's Retirement System (PFRS), is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the Division). For additional information about the PFRS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at: www.state.nj.us/treasury/pensions/annrpts.shtml.

Vesting Benefit Provisions - The vesting and benefit provisions are set by N.J.S.A. 43:16A. The PFRS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for disability benefits, which vest after 4 years of service. The following represents the membership tiers for PFRS:

Tier	Definition
1	Members who were enrolled prior to May 22, 2010
2	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
3	Members who were eligible to enroll on or after to June 28, 2011

Contributions - The contribution policy for PFRS is set by N.J.S.A. 43:16A and requires contributions by active members and contributing members. The Local employers' contribution amounts are based on an actuarially determined rate which includes the normal cost and unfunded accrued liability. Chapter 19, P.L. 2009 provided an option for local employers of PFRS to contribute 50% of the normal and accrued liability contribution amounts certified for payments due in State fiscal year 2009. Such employers will be credited with the full payment and any such amounts will not be included in their unfunded liability. The actuaries will determine the unfunded liability of those retirement systems, by employer, for the reduced normal and accrued liability contributions provided under this law. This unfunded liability will be paid by the employer in level annual amounts over a period of 15 years beginning with the payments due in the fiscal year ended June 30, 2012 and will be adjusted by the rate of return on the actuarial value of the assets.

The Borough's contributions to PFRS which are based upon annual billings from the state amounted to \$588,241.00 for 2021, \$481,725.10 for 2020 and \$535,609.33 for 2019.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions - Although the Borough does not report net pension liability related to PFRS, at December 31, 2021 and 2020, the Borough's liability for its proportionate share of the net pension liability was \$3,725,461.00 and \$6,803,659.00, respectively. The net pension liability was measured as of June 30, 2021 and 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2020 and 2019 which was rolled forward to June 30, 2021 and 2020, respectively. The Borough's proportion of the net pension liability was based on a projection of the Borough's long-term share of contributions to the pension plan relative to the projected contributions of all participating members, actuarially determined. At June 30, 2021, the Borough's proportion was 0.0509698146%, which was an increase of 0.0016847098% from its proportion measured as of June 30, 2020.

For the year ended December 31, 2021 and 2020, the Borough recognized actual total pension expense of \$588,241.00 and \$481,725.10, respectively.

Pension Liabilities, Pension Expense, Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Cont'd) - At December 2021 and 2020, the Borough's deferred outflows of resources and deferred inflows of resources related to PFRS pension which are not reported on the Borough's financial statements are from the following sources:

	2021		2020

Long-Term Expected Rate of Return - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rate of return (expected returns, net of pension plans investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plans' target asset allocation as of June 30, 2021 and 2020, as reported for the years ended December 31, 2021 and 2020, respectively, are summarized in the following tables:

Discount Rate - The discount rate used to measure the total pension liabilities of the PFRS plan as of June 30, 2021 and 2020, as reported for the years ended December 31, 2021 and 2020, respectively, are summarized in the following:

June 30, 2021 - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 100% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

June 30, 2020 - The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of Net Pension Liability - The following presents the Borough's proportionate share of the PFRS net pension liability as of December 31, 2021 and 2020 calculated using the discount rate of 7.00% respectively, as well as what the Borough's proportionate share of the PFRS net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower 6.00% respectively, or 1-percentage-point higher 8.00%, respectively, than the current rate:

	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>
<u>2021</u>			
Borough's Proportionate Share of the PFRS Net Pension Liability	<u>\$5,264,556.00</u>	<u>\$3,725,461.00</u>	<u>\$2,820,558.00</u>
	1% Decrease <u>(6.00%)</u>	Current Discount Rate <u>(7.00%)</u>	1% Increase <u>(8.00%)</u>

The sensitivity analysis was based on the proportionate share of the Borough's net pension liability at December 31, 2021 and 2020. A sensitivity analysis specific to the Borough's net pension liability was not provided by the pension system.

B. Police and Firemen's Retirement System (PFRS) (Cont'd)

Special Funding Situation - Under N.J.S.A. 43:16A-15, the Borough is responsible for their own PFRS contributions based on actuarially determined amounts, except where legislation was passed which legally obligated the State to make contributions if certain circumstances occurred. The legislation which legally obligates the State is as follows: Chapter 8, P.L. 2000, Chapter 318, P.L. 2001, Chapter 86, P.L. 2001, Chapter 511, P.L. 1991, Chapter 109, P.L. 1979, Chapter 247, P.L. 1993 and Chapter 201, P.L. 2001. The amounts contributed on-behalf of the Borough by the State under this legislation is considered to be a special funding situation as defined by GASB Statement No. 68 and the State is treated as a nonemployer contributing entity. Accordingly, the Borough's proportionate share percentage of the net pension liability, deferred outflows and inflows determined under GASB Statement No. 68 is zero percent and the State's proportionate share is 100% for PFRS under this legislation.

At December 31, 2021 and 2020, the State's proportionate share of the net pension liability attributable to the Borough for the PFRS special funding situation is \$1,047,785.00 and \$1,055,897.00, respectively. For the years ended December 31, 2021 and 2020, the pension system has determined the State's proportionate share of the pension expense attributable to the Borough for the PFRS special funding situation is \$116,693.00 and \$119,665.00 respectively, which are more than the actual contributions the State made on behalf of the Borough of \$91,020.00 and \$81,251.00, respectively. At December 31, 2021 (measurement date June 30, 2021) the State's share of the PFRS net pension liability attributable to the Borough was 0.0509696097%, which was a decrease of 0.0016849147% from its proportionate share measured as of December 31, 2020 (measurement date June 30, 2020) of 0.0526545244%. The State's proportionate share attributable to the Borough was developed based on actual contributions made to PFRS allocated to employers based upon covered payroll. These on-behalf contributions have not been reported on the Borough's financial statements.

Pension Plan Fiduciary Net Pension - Detailed information about the PFRS pension plan's fiduciary net position is available in the separately issued financial report from the State of New Jersey, Department of Treasury, Division of Pension and Benefits. The financial reports may be accessed via the New Jersey, Division of Pensions and Benefits, website at www.state.nj.us/treasury/pensions.

State Health Benefits Benefits Plan

On June 16, 2022, the New Jersey Division of Local Government Services issued Local Finance Notice 2022-12 which allows local units to disclose the most recently available information as it relates to the New Jersey Division of Pension's reporting on GASBS No. 75 Accounting and Financial Reporting for Postemployment Benefits other than Pensions. As of the date of this report, the information for the measurement period ended June 30, 2021 was not available; therefore, the information from the measurement period June 30, 2020 is disclosed below.

General Information about the OPEB Plan

Plan Description and Benefits Provided - The Borough does not provide postemployment benefits to its retirees, however, the State of New Jersey (the "State") provides these benefits to certain Borough retirees and their dependents under a special funding situation as described below.

The State of New Jersey, on-behalf of the Borough, contributes to the State Health Benefits Local Government Retired Employees Plan (the "Plan"), which is a cost-sharing multiple-employer defined benefit other postemployment benefit (OPEB) plan with a special funding situation. It covers employees of local government employers that have adopted a resolution to participate in the Plan. The Plan meets the definition of an equivalent arrangement as defined in paragraph 4 of GASB Statement No. 75, *Accounting and Financial Reporting for the Postemployment Benefits Other Than Pensions* (GASB Statement No. 75); therefore, assets are accumulated to pay associated benefits. For additional information about the Plan, please refer to the State of New Jersey (the State), Division of Pensions and Benefits' (the Division) Comprehensive Annual Financial Report (CAFR), which can be found at <http://www.state.nj.us/treasury/pensions/financial-reports.shtml>.

General Information about the OPEB Plan (Cont'd)

Plan Description and Benefits Provided (Cont'd)

The Plan provides medical and prescription drug benefit coverage to retirees and their covered dependents of the employers. Under the provisions of Chapter 88, P.L. 1974 and Chapter 48, P.L. 1999, local government employers electing to provide postretirement medical coverage to their employees must file a resolution with the Division. Under Chapter 88, local employers elect to provide benefit coverage based on the eligibility rules and regulations promulgated by the State Health Benefits Commission. Chapter 48 allows local employers to establish their own age and service eligibility for employer paid health benefits coverage for retired employees. Under Chapter 48, the employer may assume the cost of postretirement medical coverage for employees and their dependents who: 1) retired on a disability pension; or 2) retired with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 3) retired and reached the age of 65 with 25 or more years of service credit in a State or locally administered retirement system and a period of service of up to 25 years with the employer at the time of retirement as established by the employer; or 4) retired and reached age 62 with at least 15 years of service with the employer. Further, the law provides that the employer paid obligations for retiree coverage may be determined by means of a collective negotiations agreement.

In accordance with Chapter 330, P.L. 1997, which is codified in N.J.S.A. 52:14-17.32i, the State provides medical and prescription coverage to local police officers and firefighters, who retire with the 25 years of service or on a disability from an employer who does not provide postretirement medical coverage. Local employers were required to file a resolution with the Division in order for their employees to qualify for State-paid retiree health benefits coverage under Chapter 330. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Pursuant to Chapter 78, P.L. 2011, future retirees eligible for postretirement medical coverage who have less than 20 years of creditable service on June 28, 2011 will be required to pay a percentage of the cost of their health care coverage in retirement provided they retire with 25 or more years of pension service credit. The percentage of the premium for which the retiree will be responsible will be determined based on the retiree's annual retirement benefit and level of coverage.

Contribution - The funding policy for the OPEB plan is pay-as-you-go; therefore, there is no prefunding of the liability. However, due to premium rates being set prior to each calendar year, there is a minimal amount of net position available to cover benefits in future years. Contributions to pay for the health benefit premiums of participating employees in the OPEB plan are collected from the State of New Jersey, participating local employers, and retired members.

Special Funding Situation Component - The State of New Jersey makes contributions to cover those employees eligible under Chapter 330, P.L. 1997, as disclosed below. Local employers remit employer contributions on a monthly basis. Retired member contributions are generally received on a monthly basis. Partially funded benefits are also available to local police officers and firefighters who retire with 25 years of service or on disability from an employer who does not provide coverage under the provisions of Chapter 330, P.L. 1997. Upon retirement, these individuals must enroll in the OPEB plan.

NOTE 10 POSTEMPLOYMENT BENEFITS OTHER THAN PENSION BENEFITS (Cont'd)

General Information about the OPEB Plan (Cont'd)

Plan Description and Benefits Provided (Cont'd)

Special Funding Situation Component (Cont'd)

Under Chapter 330, P.L. 1997, the State shall pay the premium or periodic charges for the qualified local police and firefighter retirees and dependents equal to 80% of the premium or periodic charge for the category of coverage elected by the qualified retiree under the State managed care plan or a health maintenance organization participating in the program providing the lowest premium or periodic charge. The State also provides funding for retiree health benefits to survivors of local police officers and firefighters who die in the line of duty under Chapter 271, P.L. 1989.

Therefore, the Borough is considered to be in a special funding situation as defined by GASB Statement No. 75 and the State is treated as a nonemployer contributing entity. Since the Borough does not contribute under this legislation directly to the Plan, there is no net OPEB liability, deferred outflows of resources or deferred inflows of resources to report in the financial statements of the local participating employers related to this legislation. However, the Borough is required to disclose:

- a) the State's proportion (percentage) of the collective net OPEB liability that is associated with the Borough,
- b) the State's proportionate share of the collective net OPEB liability that is associated with the Borough, and
- c) the State's proportionate share of the OPEB expense that is associated with the Borough.

The amount of actual contributions to the OPEB Plan made by the State, on-behalf of the Borough, is not known, however, under the Special Funding Situation, the State's OPEB expense, on-behalf of the Borough, is (\$324,587.00) for the year ended December 31, 2020.

OPEB Liability and OPEB Expense

OPEB Liability - At December 31, 2020 the State's proportionate Share of the net OPEB liability associated with the Borough is \$6,520,406.00. The net OPEB liability was measured as of June 30, 2020, and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2019, which was rolled forward to June 30, 2020.

The State's proportion of the net OPEB liability, on-behalf of the Borough, was based on the ratio of the plan members of an individual employer to the total members of the Plan's special funding situation during the measurement period July 1, 2019 through June 30, 2020. For the June 30, 2020 measurement date, the State's proportion on-behalf of the Borough was 0.119371% which was an increase of 0.022095% from its proportion measured as of the June 30, 2019 measurement date.

OPEB Expense - At December 31, 2020, the State's proportionate share of the OPEB expense, associated with the Borough, calculated by the Plan as of the June 30, 2020 measurement date, is (\$324,587.00). This on-behalf expense is not recognized by the Borough because of the regulatory basis of accounting as described in note 1.

Actuarial Assumptions - The actuarial assumptions vary for each plan member depending on the pension plan in which the member is enrolled. The actuarial valuation at June 30, 2020 used the following actuarial assumptions, applied to all periods in the measurement:

Inflation Rate	2.50%
Salary Increases*:	
Public Employees' Retirement System (PERS)	
Initial Fiscal Year Applied:	
Rate Through 2026	2.00% - 6.00%
Rate Thereafter	3.00% - 7.00%
Police and Firemen's Retirement System (PFRS)	
Rate for all Future Years	3.25% - 15.25%
Mortality:	
PERS	Pub-2010 General classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020
PFRS	Pub-2010 Safety classification headcount weighted mortality with fully generational mortality improvement projections from the central year using Scale MP-2020

*Salary increases are based on years of service within the respective plan.

Actuarial assumptions used in the July 1, 2019 valuation were based on the results of the PFRS and PERS experience studies prepared for July 1, 2013 to June 30, 2018 and July 1, 2014 to June 30, 2018, respectively.

100% of active members are considered to participate in the Plan upon retirement.

Discount Rate - The discount rate used to measure the OPEB liability at June 30, 2020 was 2.21%. This represents the municipal bond return rate as chosen by the State. The source is the Bond Buyer Go 20-Bond Municipal Bond Index, which includes tax-exempt general obligation municipal bonds with an average rating of AA/Aa or higher. As the long-term rate of return is less than the municipal bond rate, it is not considered in the calculation of the discount rate, rather the discount rate is set at the municipal bond rate.

Health Care Trend Assumptions - For pre-Medicare medical benefits, the trend is initially 5.6% and decreases to a 4.5% long-term trend rate after seven years. For post-65 medical benefits, the actual fully-insured Medical Advantage trend rates for fiscal year 2021 through 2022 are reflected. The rates used for 2023 and 2024 are 21.83% and 18.53%, respectively, trending to 4.5% for all future years. For prescription drug benefits, the initial trend rate is 7.00% and decreases to a 4.5% long-term trend rate after seven years.

Borough of Manasquan, NJ
Notes to Financial Statements (Continued)
Year Ended December 31, 2021

NOTE 12 COMPENSATED ABSENCES

Under the existing policies and labor agreements of the Borough, employees are allowed to accumulate (with certain restrictions) unused vacation benefits and sick leave over the life of their working careers and to redeem such unused leave time in cash (with certain limitations) upon death, retirement or by extended absence immediately preceding retirement.

It is estimated that the current cost of such unpaid compensation and salary related payments would approximate \$943,155.18 and \$943,356.06 at December 31, 2021 and 2020, respectively. Payments are made as required. The above amounts are not required to be recorded on the financial statements per requirements of the Division of Local Government Services, Department of Community Affairs, State of New Jersey.

NOTE 13 DEFERRED COMPENSATION PROGRAM

The Borough offers its employees a deferred compensation plan created in accordance with Section 457 of the Internal Revenue Code of 1986, as amended. The deferred compensation is not available to employees or beneficiaries until termination of employment, retirement, death or occurrence of an unforeseeable emergency. Earnings of the Plan and contributions by employees are invested and are exempt from income taxes until distributed to the participating employees.

The "Small Business Job Protection Act of 2000 changed Section 457 of the Federal Internal Revenue Code to require that all funds deferred be held in trust, custodial account or annuity contract for the exclusive benefit of the plan participants and their beneficiaries. The plan assets would not be subject to the employer's creditors.

This requirement has been translated into New Jersey law with an amendment to N.J.S.A. 43:15B-5 which now requires that the funds be held in a trust, custodial account or annuity contract for the exclusive benefit of participating employees and their beneficiaries. This condition applies to all plans implemented subsequent to August 20, 1999. For plans in existence prior to August 20, 2000, the local government units had until January 1, 2001 to implement the "exclusive benefit" requirement of the Code revisions. However, until the revisions were made, the assets deferred were still subject to the local government's general creditors.

The plan was amended effective January 1, 1998 to comply with the above requirements. Accordingly, plan assets and the related liability are not included in the balance sheet of the trust fund of the Borough.

The plan administrators and amount of funds are as follows:

	<u>2021</u>	<u>2020</u>
Nationwide Retirement Solutions, Inc.	\$560,687.43	534,791.87
Great-West Life & Annuity Insurance Co.	\$201,924.93	177,360.39
Equitable Financial Life Insurance Company	\$3,266,027.82	2,854,839.89

NOTE 14 RISK MANAGEMENT

The Borough is exposed to various risks of loss related to tort; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

Property and Liability Insurance - The Borough maintains commercial insurance coverage for property, liability, accident and surety bonds.

New Jersey Unemployment Compensation Insurance - The Borough has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the Borough is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The Borough is billed quarterly for amounts due to the State. A schedule of the Unemployment Compensation Fund can be found in the Trust Fund section of the Financial Statements.

NOTE 15 CONTINGENT LIABILITIES

From time to time, the Borough is a defendant in legal proceedings relating to its operations as a municipality. In the best judgment of the Borough's management, the outcome of any present legal proceedings will not have any adverse material effect on the accompanying financial statements.

Federal and State Awards - The Borough participates in a number of federal and state programs that are fully or partially funded by grants received from other governmental units. Expenditures financed by grants are subject to audit by the appropriate grantor government. If expenditures are disallowed due to noncompliance with grant program regulations, the Borough may be required to reimburse the grantor government. As of December 31, 2021 and 2020, significant amounts of grant expenditure have not been audited by the various grantor agencies but the Borough believes that disallowed expenditures, if any, based on subsequent audits will not have a material effect on the overall financial position of the Borough.

NOTE 16 FEMA COMMUNITY DISASTER LOAN

As a result of Super Storm Sandy in 2012, the Borough applied for and received approval for a loan up to the amount of \$2,769,837.00. The purpose of this loan was to carry on existing essential local government functions of the municipality or to expand such functions to meet disaster - related needs. The funds could not be used to (1) finance capital improvements, including debt service related to capital outlays, (2) repairs or restore damaged public facilities, and (3) cover the non-federal cost share of any federal loan. The Borough was able to access these funds by drawing down upon the associated line of credit. The Borough drew down \$1,426,240.00 in the year 2013 and an additional \$702,218.36 in the year 2014, for a total of \$2,128,458.36.

The interest rate on the loan is the U.S. Treasury rate for 5-year maturities on the date the Promissory Note is executed, in this case July 17, 2013 when the interest rate was 1.375%. The term of the loan is usually 5 years, but may be extended. Interest accrues on the funds as they are disbursed. When applicable, the Assistance Administrator of the Disaster Assistance Directorate may cancel repayment of all or part of the loan if the revenues of the applicant in the three fiscal years following the financial year of the disaster are insufficient to meet the operating budget because of disaster related revenue losses and un-reimbursed disaster related operating expenses.

On October 26, 2018 FEMA determined that the Borough did not qualify for loan forgiveness and as a result all principal and interest must be repaid. However, they did approve the Borough's request for a 5-year time extension to pay off the loan until July 17, 2023.

On September 30, 2021, the United States Congress passed The Extending Government Funding and Delivering Emergency Assistance Act (P.L. 117-43). According to P.L. 117-43 SEC. 1601. (a):

"Repayment of the remaining balances of all loans, as of September 30, 2021, by the Federal Emergency Management Agency under section 417 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act (42 U.S.C. 5184) are hereby cancelled".

The remaining balance of the referenced CDL on September 30, 2021 was \$918,732.66. Pursuant to P.L. 117-43, repayment of that remaining balance is cancelled.

NOTE 17 INTERFUND BALANCES

The composition of interfund balances as of December 31, 2021 is as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Federal and State Grant Fund	Current Fund	463,608.45
Capital Fund	Assessment Trust Fund	9,639.47
Capital Fund	Water & Sewer Utility Capital Fund	<u>503,585.40</u>
		<u>\$976,833.32</u>

The purpose of these interfunds was short-term borrowings.

NOTE 18 LOSAP PROGRAM (Unaudited)

The Borough has established a Length of Service Award Program (LOSAP) Deferred Compensation Plan. The LOSAP is an incentive award program for first aid volunteers who meet specified service criteria and is a qualified plan under Internal Revenue Code Section 457(e). Funding for the plan is provided via Borough budget appropriations and the Borough has authorized VALIC, as the plan provider. As of December 31, 2021 and 2020, the cumulative balance of the Length of Service Award Program was \$380,965.82 and \$375,193.19, respectively and is recorded in the Trust Fund of the Borough.

In accordance with N.J.A.C. 5:30-14, the funds held in the LOSAP remain the assets of the Borough until they are distributed and as such are subject to the claims of the Borough's general creditors.

NOTE 19 SUBSEQUENT EVENTS

The Borough has evaluated subsequent events occurring after the financial statement date through September 28, 2022 which is the date the financial statements were available to be issued. Based upon this evaluation the Borough has determined that there were no subsequent events that needed to be disclosed.

COMPARISON OF TAX LEVIES AND COLLECTION CURRENTLY

A study of the tabulation will indicate a possible trend in future tax levies. A decrease in the percentage of current collection could be an indication of a probable increase in future tax levies.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Honorable Mayor and Council
Borough of Manasquan
County of Monmouth
Manasquan, New Jersey

We have audited, in accordance with the auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, the financial statements - regulatory basis of the Borough of Manasquan, in the County of Monmouth, State of New Jersey; (herein referred to as "the Borough"), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the Borough's basic financial statements, and have issued our report thereon dated September 28, 2022. In that report we expressed an adverse opinion on the conformity of the statements with accounting principles generally accepted in the United States of America due to the differences between those principles and the financial reporting provisions of the regulatory basis of accounting prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and a qualified opinion on the regulatory basis since we did not audit and the Division does not require the Length of Service Award Program (LOSAP) to be audited.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements- regulatory basis, we considered the Borough's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Borough's internal control. Accordingly, we do not express an opinion on the effectiveness of the Borough's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Borough's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. We noted certain matters that we have reported to the management of the Borough of Manasquan in the accompanying Comments and Recommendations Section of this report.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

GENERAL COMMENTS AND RECOMMENDATIONS

Borough of Manasquan, NJ
General Comments
Year Ended December 31, 2021

An audit of the financial accounts and transactions of the Borough of Manasquan, in the County of Monmouth, for the year ended December 31, 2021, has recently been completed. The results of the audit are herewith set forth.

SCOPE OF AUDIT

The audit covered the financial transactions of the Chief Financial Officer's office, the activities of the Mayor and Council and the records of the various outside departments.

The audit did not and could not determine the character of services rendered for which payment had been made or for which reserves had been set up, nor could it determine the character, proper price or quantity of materials supplied for which claims had been passed.

Cash balances were reconciled with independent certifications obtained directly from the depositories.

Revenues and receipts were established and verified as to source and amount insofar as the records permitted.

Our audit was made in accordance with generally accepted auditing standards and in compliance with the requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey and Government Auditing Standards, issued by the Comptroller General of the United States. Therefore, our audit included the procedures noted above as well as tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S. 40A:11-4

N.J.S. 40A:11-4 states "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public advertising for bids and bidding therefore, except as is provided otherwise in this act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding the aggregate \$17,500.00, except by contract or agreement". Effective July 1, 2021 the bid threshold was raised in accordance with N.J.S.A. 40A:11-3 to \$44,000.00 with a qualified purchasing agent.

The governing body of the Municipality has the responsibility of determining whether the expenditures in any category will exceed the limits within the fiscal year. Where question arises as to whether any contract or agreement might result in violation of the statute, the Borough Counsel's opinion should be sought before a commitment is made.

The minutes indicate that bids were requested by public advertising for the following items:

Euclid Avenue Improvement Project
First Avenue Improvements - Phase I

The minutes and vouchers indicate compliance with the Local Public Contract Law N.J.S. 40A:11-6.1 for the purchase of materials and services between \$6,000.00 and the bid limit.

CONTRACTS AND AGREEMENTS REQUIRED TO BE ADVERTISED FOR N.J.S. 40:11-4- (continued)

The minutes indicate that the resolution were adopted and advertised authorizing the awarding of contracts or agreements for "Professional Services" per N.J.S. 40A:11-5.

In as much as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear cut violations existed and my examination of expenditures did not reveal any individual payments, contracts or agreements in excess of the bid limit "for the performance of any work or the furnishing or hiring of any materials or supplies", other than those where bids had been previously adopted under the provision of N.J.S. 40A:11-6.

COLLECTION OF INTEREST ON DELINQUENT TAXES AND ASSESSMENTS

The statute provides the method for authorizing interest and the maximum rates to be charged for the nonpayment of taxes or assessments on or before the date when they would become delinquent.

The governing body on January 6, 2021 adopted a resolution authorizing interest to be charged on delinquent taxes as follows:

Delinquent Taxes - 8% per annum for first \$1,500.00 of delinquency and
18% per annum on any amount in excess of \$1,500.00
Delinquent Water and Sewer Charges - 8%
Tax Title Liens - 18%

In addition thereto the Collector of Taxes and Water and Sewer Rents was authorized to charge a 6% penalty on the sum of all delinquent taxes, interest and municipal charges on a given parcel of property in excess of \$10,000.00.

Also the Collector of Taxes and Water and Sewer Rents was authorized to waive interest charges on taxes, if payment is made within ten days after the date on which the taxes become payable.

It appears from an examination of the Collector's records on a test-check basis that interest was collected in accordance with the foregoing resolution.

Recommendations
Year Ended December 31, 2021

Chief Financial Officer's Office

During the course of the audit we noted the following:

2021-1 *Interfunds existed at year end.

We recommend:

2021-1 *That Interfund Accounts Receivables and Payables be eliminated by the transfer of cash.

*This recommendation existed in prior year audit.

Tax Collector's Office

During the course of the audit we noted the following:

2021-2 When the new tax collector was appointed effective 10/21/21 a new surety bond was not procured for the period through 12/31/21.

We recommend:

2021-2 When a new tax collector is appointed that a new surety bond be procured from the effective date through the end of the reporting year.

Borough of Manasquan, NJ
Status of Prior Year's Recommendations

A review was performed on all prior year's recommendations. Corrective action was not taken on the following prior year recommendation:

That Interfund Accounts Receivables and Payables be eliminated by the transfer of cash.

The problems and weaknesses noted in this review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Appreciation

We wish to express our appreciation of the assistance and courtesies rendered by the Borough officials during the course of the audit.
